

SBC 201 Chapter 34 Reserved — Group R-2 High-Rise Dimensional Requirements Matrix (2024)

1. Document metadata and use limitation

- **Project basis:** Riyadh, Saudi Arabia; Group R-2 residential high-rise.
- **Deliverable tier:** Project-use matrices in Sections 1–5 (design-check rows, not pasted inventory), plus a coverage summary and unresolved-source register. The full row inventory is not published.
- **Code/source basis:** SBC 201 (2024), Chapter 34, source file Reference\SBC 201 2024\source_reference\Chapter_34 – RESERVED.txt.
- **Extraction audit:** Skill extract. Project-use rows follow the chapter-extract row contract (noun-phrase checks, building-language triggers, named exceptions, check-specific actions). Internal inventory: **0** independently checkable numeric records (**0** Verified, **0** Verify source). The attached extract has no numbered sections, exceptions, tables, footnotes, or numeric cells.
- **Model:** Cursor Grok 4.6.
- **Prepared:** 2026-08-27.
- **Status:** Source-only architectural advisory matrix for design coordination. It is not a stamped compliance statement, SCD NOC, SBPS approval, legal opinion, or permission to construct.
- **Outbound-source rule:** No value in this matrix has been imported from IBC Chapter 34, SBC 901, other SBC 201 chapters, commentary examples, or the existing chapter summary. The attached extract does not name companions and does not send the user to another section or code.

Scope and assumptions

1. Group R-2 and high-rise status are project statements, not independently verified classifications.
2. The exact Riyadh AHJ/permit pathway, project stage and SCD NOC status are unconfirmed; therefore this matrix does not conclude compliance.
3. Automatic sprinkler protection, mixed-use podium, amenity program and storey count are unconfirmed. Chapter 34 has no occupancy, sprinkler or storey branch.
4. The attached extract consists of the heading **CHAPTER 34—RESERVED** and a following page left intentionally blank. There are no charging sections.
5. Existing-building, alteration, change-of-occupancy and similar work are not scoped by this reserved chapter. Companion volumes named elsewhere are not adopted as cells here.

2. Legends

Applicability

Status	Meaning
Direct	Expected to govern the stated R-2 tower basis, subject to confirmed geometry and design data.
Conditional	Governs only when the stated feature, use, occupant load, sprinkler branch or exception exists.
Not typical	Unrelated occupancy-only rule; omitted from this deliverable unless the gap register already opened that use.
External verification	Chapter 34 points to another section/code/standard, or the project/AHJ basis must be confirmed before use.

Source confidence

Status	Meaning
Verified	Requirement and any stated numeric value were checked against unambiguous mandatory Chapter 34 source text or an unambiguous table cell.
Verify source	OCR, flattened table, page-split, or footnote attachment is unresolved. Not a design-release value.

3. Project decision and gap register

Decision / gap	Current project basis	Why it controls Chapter 34 application	Required project action
Chapter 34 provisions	Heading CHAPTER 34—RESERVED ; following page blank	There are no millimetre, fire, egress, structural or occupancy criteria in this chapter	Do not search Chapter 34 for design criteria; use the occupied SBC 201 chapters
Existing-building / alteration scope	Unconfirmed whether any existing-building, repair, alteration, addition or change-of-occupancy work is in the brief	This reserved chapter does not scope that work and does not name a companion volume	Do not reconstruct former Chapter 34 or IBC existing-building geometry here; lock any existing-building path from the AHJ-adopted suite, not from this extract
Sprinkler / mixed use / storeys	Unconfirmed	A reserved chapter has no occupancy, sprinkler or storey branch	Do not wait on NFPA 13 versus 13R, podium mix or storey count to apply this chapter; those decisions do not create Chapter 34 criteria
NOC / code sheet	SCD NOC and SBPS status unconfirmed	An empty reserved chapter cannot evidence fire-strategy or permit acceptance	Keep Chapter 34 off the code sheet as a criteria source

4. Reserved chapter

Cite	Component / check	Exact source requirement / value	Trigger / condition	Exceptions / branch	R-2 tower status	Design action	Source confidence
Chapter 34	Reserved chapter	This chapter is reserved and contains no provisions	Any attempt to take design criteria from Chapter 34	None stated	Direct	Keep Chapter 34 off the code sheet as a criteria source; take geometry, fire, egress and occupancy rules from the occupied SBC 201 chapters	Verified

5. Project-use controls

1. Use the **Verified** reservation row as the only Chapter 34 design check.

- 2. There is no **Verify source** row in this deliverable. The attached extract is an unambiguous reserved heading and a blank page.
- 3. Do not reconstruct reserved Chapter 34 content, IBC Chapter 34 existing-building geometry, or SBC 901 values from memory, commentary or the chapter summary.
- 4. Do not invent 3401-style section numbers, tables or millimetre limits for this chapter.
- 5. Record on the code sheet that Chapter 34 is reserved; this matrix is not evidence of SCD NOC, SBPS approval or stamped compliance.

6. Coverage summary

Internal inventory of the attached Chapter 34 extract (numbered code, exceptions, tables, footnotes; commentary excluded). Row-level records are not published.

- **Inventory scope:** numbered code, exceptions, tables, footnotes (commentary excluded)
- **Total independently checkable numeric records:** 0
- **Verified:** 0
- **Verify source:** 0

No numbered top-level sections (no 34xx clauses) and no appended tables in the attached extract.

Coverage cross-check against SBC 201 Chapter 34 Reserved (2024)_CS.md was topics-only: the chapter is reserved; it contains no provisions. No CS.md value was copied into a matrix cell.

7. Unresolved-source register

No OCR, flattened-table, page-split or footnote-attachment hold point. The attached extract contains a reserved heading and a blank page.

Affected table / clause	Why unverified	Control note
—	None	No Verify source inventory records
